David William is one of the most popular author for kid books. He is releasing one audio book a day for free, now days.

If your family enjoys Audio books, Audible (which is usually a paid app) has made it free for anyone to use due to the Covid-19 situation world-over of being confined at home.

There are a lot of good books on Audible that would be useful for all age-groups. Do check them out and enjoy your time at home.
